Subject: Check our new positions! URV is looking for candidates for MSCA Postdoctoral Fellowships

Dear,

I am contacting you from the **Universitat Rovira i Virgili**, in Tarragona, Spain. URV is a modern public higher education institution, internationally recognised for providing high quality teaching and top-of-the-line research, and I am pleased to inform you that we are looking for postdoctoral candidates for **MSCA-PF-2021 call** at our university.

The candidates have 3 different ways:
a) Apply to one of the projects already offered on **USPIR's webpage** - **CHECK NEW POSITIONS!**
b) **Look for a supervisor at URV**, and agree on a topic with them, or
c) Contact us to request support in finding an appropriate supervisor for your

research project by email (uspir@urv.cat).

USPIR will offer full support to the preparation of the proposal, but please be advised that, due to high demand, an existing supervisor-candidate pair will be prioritized.

We would be very grateful if you could disseminate this call to all possible interested candidates.

Thank you in advance for taking the time to read this information.

Best Regards,

More details of the call, including a list of projects, can be found on our website:
