Application Instructions:

1. Students admitted originally to the M.S. program in the Electrical Engineering Department must complete all M.S. program requirements with a GPA of at least 3.5 in order to be considered for admission into the Ph.D. program. Only after admission into the Ph.D. program can students take the Ph.D. Preliminary Examination.

2. Students may apply for admission to the Ph.D. program during their last quarter of M.S. studies in Electrical Engineering. However, if granted, approval will be conditional on completing all M.S. program requirements within the time limit specified by the department.

3. Students must attach to this form:
   
   a. A statement of purpose (no more than 2 pages in length)
   b. 3 Letters of Recommendation (one should be from the faculty member who has agreed to be the applicant’s PhD advisor). Letters of recommendation should be attached in sealed envelopes. Students should provide faculty providing letters of recommendation the Recommendation for PhD Admission for Current UCLA Graduate Students form provided on the EE Department website (under forms). This recommendation ranking form must be submitted with the letter of recommendation.
   c. The letter of recommendation from the faculty member agreeing to be the student’s PhD advisor should include a statement on any financial support that he/she may be providing to the applicant.
   d. A current CV or resume (must include a list of publications)
