My name is Dan O’Connor. I am a recruiter with Pin-Point Solutions and we have an immediate opening in the northern outskirts of Chicago for several Product Engineers. The ideal candidate will have 5+ years’ experience in a design environment working with mechanical systems. This position will work to design Mechanical Actuator Systems for automatic door opening/closing mechanisms for the automotive industry.

If you have an interest in this position, please send me your current resume’ and we can discuss.
