

PART-TIME TUTORS NEEDED

Club Z! In-Home Tutoring is seeking qualified part-time tutors for all subjects, with a higher emphasis on high school AP and college level Math and Science, and test prep. Tutors must be either PhD students, or any graduate student with a bachelor degree, who will not require a change in their tutoring schedule during week 10's and final weeks of the UCLA quarters. We require consistency and reliability during the entirety of the school year. Tutors will earn \$18 - \$30 per hour, depending on qualifications and grade level expertise. We are interviewing applicants who can tutor exclusively in the following areas: Westwood, Beverly Hills, southern parts of the San Fernando Valley stretching from Sherman Oaks to Calabasas/Thousand Oaks and all cities in between, Simi Valley/Moorpark, and Malibu.

Why tutors like working for Club Z!:

- ◆ We match you with the students and subject area you request
- ◆ Earn great pay and keep flexible hours
- ◆ Club Z! administration really supports their staff
- ◆ You will positively impact other students' future by mentoring them and helping them achieve their academic goals

What Club Z! is looking for in a tutor:

- ◆ Excellent communication skills and a friendly personality
- ◆ Bachelor Degree (higher degrees preferred)
- ◆ Reliable transportation
- ◆ Comfortable working one-on-one with students
- ◆ We highly emphasize on reliability and punctuality*

Club  Z!
In-Home Tutoring Services

Please email your resume to MatthewAria@clubztutoring.com, with a list of all the courses you feel comfortable tutoring in the body of the email, or in your cover letter. You do not necessarily need to readjust your resume for tutoring, and a general resume will also work. And in case you have not yet created a resume, please email us with as much information about yourself as you can provide, and a list of courses you would like to tutor in.

Email Resume to Apply: MatthewAria@clubztutoring.com

**We understand that graduate students have their own exams and project deadlines to deal with. Hence, we are only interested in candidates who possess strong time management skills, and can maintain a steady part-time tutoring schedule, mostly in the early evenings and/or weekends, throughout the school year, even during the last weeks of UCLA quarters.*
