

# 14th Annual

## World Brain Mapping & Therapeutics Congress Society for Brain Mapping and Therapeutics (SBMT)

*Millennium Biltmore Hotel, Los Angeles  
April 18th - April 20th, 2017*

### SBMT MISSION:

Promote public welfare and improve patient care through the translation of new technologies/therapies into life saving diagnostic and therapeutic procedures.

### 14TH ANNUAL CONGRESS:

Gathers physicians, scientists, policy makers, funding agencies and industry to further the advances and applications in brain and spinal cord mapping and image guided therapies.

Incredible opportunity to be at the forefront of brain sciences, therapeutics in general, and neural stem cells interventions.
