

**Hello!** My name is Jayden Lin, and I am currently studying EE at UCLA. I was born and raised in LA, graduating from Cerritos High School. I am very excited to meet and get to know others attending UCLA! Some of my interests include combat sports such as wrestling and judo, kiteboarding, playing piano, reading, and eating with friends.

**Why ECE?** Due to bring-your-child-to-work days, I have always known that I wanted to go into EE.

# ALL ABOUT ME

## JAYDEN LIN

## WHY UCLA?

The social culture at this top public institution, along with its abundant resources, are the primary factors that attracted me to attend UCLA; everyone seems to gladly welcome new arrivals into the community, which is a rare trait in universities as competitive as UCLA. Furthermore, there is rarely ever time to **not** do something, which I find suits me well.

## MY GOALS

- I plan to pursue a Master's degree and possibly a PHD.
- I hope to work for a start-up tech company in the future.
- I aim to lead a team, so that I could develop skills both technical and social.
- I hope that, one day, my actions will result in a net positive for the community around me.
